Main Campus
of CLEVELAND PUBLIC LIBRARY

Genealogy & Family History Research Clinics

The Library's Genealogy & Family History Research Clinics are informal sessions that allow you to drop in to receive help from Library staff and expert volunteers from the African American Genealogical Society of Cleveland. Please bring copies of any research you have already done and an idea of what you want to learn during the session. Clinics begin at 10:30 AM and end at 2:00 PM.

For beginners: volunteers provide instruction in starting your family history and genealogy.

Please plan to arrive by 10:45 to take advantage of the group instruction for beginners.

For more advanced researchers: volunteers draw on their extensive experience to help you answer your genealogy questions and find strategies to move your research forward.

2027 Clinic Dates

Free and open to all, from beginners to experts.
